TREE PLANTATION PROGRAM AT NAWABGONJ BRANCH

Shahjalal Islami Bank Limited has a legacy of associating itself in different spectrum of social responsibility and there are numerous glaring instances for which we can take pride. As part of our utilization of Climate Risk Fund, our Nawabgonj Branch has arranged a Tree Plantation program on May 30, 2015 at Bagmara High School, Nawabgonj, Dhaka. Such gesture on the part of the Bank not only helps it to perform a part of obligations towards the environment but also strengthen bank's image and brand value in the mind of the customer. A total of 450 (Four Hundred Fifty) saplings were handed over among the students of the School.

This is a great initiative taken by the staffs of our Nawabgonj Branch as part of our commitment towards environment. Thanks a lot to all the members of Nawabgonj Branch and special thanks to the Manager of Nawabgonj Branch.

A few pictures of the activities are as follows :
